7:00 PM Presentation
8:30 PM Close**

Learning objectives:

- Review the burden of Major Depression Disorder with anxiety or with anxious distress.
- Emphasize the importance of an early, optimal and targeted rational psychopharmacology to achieve full functional recovery.
- Present a holistic approach to achieve full functional recovery in MDD with anxiety/anxious distress.

*Thank you very much for your consideration
and we look forward to welcoming you to this event.*

In compliance with the Innovative Medicines Canada Code of Ethical Practices, this invitation is extended to Health Care Professionals only. This event was made possible with the support of Otsuka Canada Pharmaceutical Inc
