SPEAKER

Mohamed El-Hussein, NP

PhD, MSN, NP, RN

Professor, School of Nursing and
Midwifery
Faculty of Health, Community and
Education
Mount Royal University

Mohamed El Hussein is a Ph.D.-prepared Nurse practitioner. He completed his Ph.D. and post-master Nurse Practitioner diploma at the University of Calgary in Alberta. Mohamed is a full professor at Mount Royal University, where he has a research program focusing on translational research and evidence-based practice. Dr. El Hussein is a well-published scholar with over 100 peer-reviewed journal articles and coauthored several major nursing textbooks used in nursing programs nationwide. Mohamed also works part-time as an NP in the division of cardiology at the Rocky view general hospital. His work as an NP in cardiology supports his research program as it keeps him up to date with the current issues in acute care. Mohamed also serves as the director of education for the Nurse Practitioner Association of Alberta and is on the Journal for Nurse Practitioners editorial board.
