

# ALBERTA VIRTUAL PAIN PROGRAM (AVPP)

## - WEBINAR FOR HEALTH CARE PROVIDERS -

**CHRONIC PAIN IS PHYSIOLOGICALLY  
DIFFERENT FROM ACUTE PAIN**

Learning & understanding this is called  
Pain Science Education (PSE).

**PSE is an effective treatment for Chronic Pain.**

Join us for a free, two-hour virtual presentation. Health care providers will learn more about up to date evidence on the treatment of chronic pain in adults.

Key messaging and actionable take-aways will be provided in the areas of:

- chronic pain science,
- biopsychosocial treatment approaches,
- purposeful and empathetic communication,
- patient values as a guide to treatment,
- the role of the nervous system in alleviating chronic pain,
- and hope as a verb.

Healthcare providers will also be given information about the novel Alberta Virtual Pain Program, including what we teach patients.

*Medications will not be discussed in this webinar.*
